

WELCOME TO THE CALLAWAY TOUR FITTING EXPERIENCE!

Rapsodo MLM, Mobile Launch Monitor records all data

HERE'S WHAT YOU CAN EXPECT:

1. At your **Pre-Fit Interview** we will discuss your goals and exactly what you want to accomplish. This will help us determine which club head model is best for you.
2. Next you will hit some shots so we can measure your **Clubhead Speed** and recommend **Shaft Flex**.
3. Then we will determine proper **Shaft Length** by taking both a wrist to floor static measurement and dynamic measurements while you're hitting more shots.
4. We'll find the correct **Lie Angle** for your irons to produce the most consistent contact and shot shape, always analyzing ball flight curve and divot pattern.
5. Your hand measurements will help us find a comfortable **Grip Size** for ultimate feel and control.
6. Lastly we'll build the best **Set Make Up** to accommodate your skill level, goals and playing style.
7. At this point your new set of Callaway golf clubs can be ordered immediately and shipped to Western Skies Golf Club for payment and pick up.

"Get fit and get better, it's a no-brainer!"

- Coach Mike Arrigoni, PGA, *Callaway Golf Professional Staff*

Oh, and don't forget we can order you a new Callaway golf bag to carry or ride around the course in style!
